District : Panchkula, Haryana.

THE INSPIRING VALUES

01. INSPIRATION

A Decade of pioneering surface design, inspired by global trends and local artistry

02. QUALITY

Crafted with precision using sustainable materials, ensuring lasting durability and vibrant colors.

03. INNOVATION

Constantly redefining interiors spaces with unique textures and anti-bacterial technology.

Virgo, design leads your way. Every choice you make is guided by precision, purpose, and a deep respect for detail. You see beauty not just in appearance, but in structure, harmony, and thoughtful execution. Where others rush, you refine-shaping ideas into something meaningful, something lasting. You believe true elegance comes from clarity and care, from the quiet confidence of things done right. Your world is one of intention, where every element has its place and every effort has its value. With you, vision becomes method, and method becomes mastery. Here, perfection isn't pressure - it's your natural rhythm.

THE FEATURES STORY

Anti Bacterial Laminates

These laminates possess the characteristic of inhibiting or killing the growth of bacteria on their surface, thus preventing the spread of harmful pathogens.

Moisture Resistant

Our surfaces are impervious to water or moisture and remain unaffected by their presence.

Termite Proof

This property possesses the characteristic of being impervious to termite infestations, preventing the insects from damaging or feeding on the Laminates and infusing in them long-lasting protection and durability against termite attacks.

Heat Resistant Fire Retardant Laminate

Amulya Fire retardant laminate have superior resistance to flame propagation & are designed to perform in demanding environment. This laminate has low propagation of flame a high resistance to steam & delays in temperature rise.

Scratch Resistant

A range of super gloss laminate that offer a high level of resistance to scuff, MAR (micro scratches) & abrasion which maintaining 4 time longer shine than any other used laminate. Application, It gives no seams around corner & are smooth & evenly laminated. This laminates can be formed into simple cylindrical concave or convex curves.

Impact Resistant

Our surfaces are sturdy enough to endure severe impacts like those caused by hammers.

Surface Protection Tech

SPT developed first time in india by Amulya Mica, gives your laminate additional strength to withstand stains and scratches more effectively.

Post Forming Laminate

Amulya Mica post forming laminates are made to roll in a radius over the edge of a substrate. With an added flexibility a malleability for both forward & reverse bending.

Low Toxicity

Known for their minimal release of harmful toxins and chemicals, our laminates are designed to have low levels of toxic substances and emissions, ensuring a safer and healthier indoor environment.
